

# Meet Microsoft Surface Hub 2S

Meetings and collaboration for hybrid teams

Bring hybrid teams together with a more inclusive way to meet and co-create. Empower teamwork anywhere with Surface Hub 2S, a collaborative canvas and meetings device certified for Microsoft Teams.

## Hybrid meetings that include everyone

Dissolve boundaries for hybrid teams so they can inclusively engage everyone's voices, faces, and ideas. Give remote team members a seat at the table with dynamic view of in-room interactions when you use Surface Hub 2 Smart Camera.<sup>1</sup>

## Seamlessly share and co-create together

Empower people to whiteboard together, create a document, or share ideas, no matter where they work. Participants can see their contributions come to life for the whole team in shared files, whether they're digitally inking directly on Surface Hub 2S or working from their own devices.

## Make any place a teamwork space

Configure the perfect collaboration space with mobile flexibility and choice of size. From small group brainstorms to big team meetings, find the right fit with Surface Hub 2S and Steelcase Roam™ Mobile Stands.<sup>2</sup>

## Manage remotely and stay secured anywhere

Centrally manage settings and policies remotely through Microsoft Endpoint Manager<sup>3</sup> and monitor the health and status of your Surface Hub devices in Microsoft Teams Admin Center. Windows keeps operations safe and secured.
